Subject: ADVANCED LESSONS

Hello everyone,

I have advertised Advanced lessons for over 6 months and Gayle says I should have them. We have some very busy times ahead of us with her having surgery sometime in the near future but we have a real good support team from a lot of volunteers who have offered any and every thing I need, and I will do what ever I need to make this work. Chickasha is only 40 minutes away from home
Lessons will start Monday, February 6th in , Chickasha 218 N. 18th St.(the Chicks building)

Lessons start at 7:30 and last about 2 hours.
Cost \$5 per person per lesson.
Should run about 20 weeks.

I would appreciate angels to help with the lessons. Please let me know if you are interested for the lessons or being an angel by answering this e-mail so I at least know about what I will have to work with.
Thank you so very much for all of your help and interest.
Jerry & Gayle
